About Magnum

Founded in 1976 as Magnum Communications, Limited, Magnum is a leader in credit data access, analysis, decision management, and loan origination. The company offers a wide variety of products and services that enable lenders to make informed, automated decisions regarding credit risk. Using Magnum's powerful tools, clients can easily access and retrieve relevant data from a broad range of U.S. and international consumer and commercial data sources. Magnum enables its clients to maximize the value of this data to control both scoring attributes, decision strategies, and the business work-flow process.

In 2007 CRIF acquired Magnum. Founded in Bologna in 1988, CRIF is an Italian group, now also based in other European countries and in the Americas. CRIF specializes in the design, development and management of credit reporting, business information and decision support systems. Today CRIF is a leader in the continental Europe credit banking information sector, and one of the most important international players in the provision of integrated business and credit information.

Thanks to a comprehensive range of information solutions, decision models, outsourcing systems, software and consultancy, Magnum provides support to banks, financial institutions, insurances, utilities and general business companies for each phase of the customer relationship cycle.
